PERSONAL PROJECTS

Projemanag - Trello Clone

- Trello is the flexible work management tool where teams can work together for doing tasks assigned to members. I cloned this app to some extent.

My Dishes App

- In this app, you can choose dishes to make, add your dishes, get random dishes from the API server and also add dishes to your favorite dishes List.

Kids Drawing App

- We can draw anything on the screen and also add images from our device to the app while drawing.

Sleep-Tracker App

- In this app we can check our sleeping time and rate it on a scale of 0-5. Uses Room Database and RecyclerView.
